Subject: GIS Support for Dimock from ERT

Den/Jerry,
With your permission, I'd like to have Jackie send $5,000 to ERT for the specific support of setting up a ARCGIS Server. This is not available by either START contractor in Region III. Techlaw has no server and Weston has been deemed to be a COI issue. SERAS also is not typically used by ERT for this purpose by ERT. They usually use Tetra Tech for this, so that's who would get this funding from ERT.
OK?
Rich
